EVERY DAY COUNTS - ACTIVE PARTICIPATION EVERY CLASS

YEAR 12 QCS

Last Week, 84 Year 12 students completed the Queensland Core Skills Test. This test consists of 4 separate tasks, including a Writing Task, Short Response and Multiple Choice tasks. These tasks are graded and used in the calculation of OP results. I am confident that our students have performed well and I look forward to reviewing their results later next term.

Throughout the year, Mrs Jenny Tessman, along with many teachers have been working with our students to make sure they were well prepared for the QCS test. I sincerely thank these teachers for the extensive preparation programs that they have provided to the students. I also thank all of the parents and staff who prepared and cooked a “5 – Star” breakfast for the Year 12 students prior to the QCS test.

INFORMATION EVENINGS

Over the past few weeks we have hosted a number of information sessions, including the Year 6 into Year 7 Evening; the Year 10 into Year 11 Evening and the Bring Your Own Device (BYOD) Evening. It is very pleasing to see such a large number of parents attend these sessions. The 3-way partnership between school, home and the student is vital to ensure that every student is successful and has a viable career pathway after leaving school. I look forward to meeting many of our families over the next few weeks and I sincerely thank you for your ongoing support of the school.

SOCIAL MEDIA AND APPROPRIATE USE

Recently we had a team from Brisbane called the Reputation Management Team talk to staff and students about all things related to technology and student profile. Please discuss with students what was said. It was very informative and exposed the dangers of students putting ‘too much’ out in the public domain. A strong message was the PUT principle on social media. This stands for Positive, Useful and True. I encourage parents to actively know what is going on with their children’s phones and other electronic devices.

OUTSTANDING ACHIEVEMENTS

Kingaroy State High School is a wonderful school and many of our students achieve success in a wide range of activities. Many of these successes are showcased in this newsletter. These students have made the most of the opportunities that they have been given at this school. In fact, their involvement in these activities, and their devotion to do their best, has further promoted Kingaroy State High School as a fantastic school. I challenge every member of our school community to reflect on the contributions they make every day to ensure they are “on the road” to success and how they are promoting the positive message that Kingaroy State High School is a great school.

SAFE HOLIDAYS

This is the last newsletter for this term. I thank all members of the community for their contributions this term. I hope that you manage to find some quality time with your children over the holiday break and I look forward to seeing all of our students return in Term 4, being well rested and ready for a very busy final term.

COMING EVENTS

- Free Dress Day Gold Coin Donation
- Wide Bay Athletics
- Bunya Shield
- Last day of Term 3
- First day of Term 4
- Relay for Life
- Year 8 into 9 Parent Evening

Mr Ashley Rodiger, Principal

ONLINE NEWSLETTER

During Term 4 we are planning to introduce a new online newsletter to families who would like to receive their newsletter in this format.

To enable us to begin this transition, please fill out the subscription leaflet included in the last newsletter, or the form below, and return as soon as possible to the front office.

Wendy McCallum, Business Services Manager

Subscribe to our school’s online newsletter

To sign up for our enewsletter, fill out the information below and submit to our office.

YES! Please subscribe me to the school newsletter

KINGAROY SHS BYOD (Bring Your Own Device)

Firstly, a huge thank you to everyone who came and took part in our first BYO parent information evening on Tuesday September 8th. Your attendance, interest and input was greatly appreciated.

Thank you also to everyone who has so far taken part in the survey for parents around BYO, devised by the school ICT Committee. So far the response has been good. However, we are still looking for more feedback from a larger selection of the school community, regardless of student year level. If you could take 10 min to complete, it that would be greatly appreciated.

https://www.surveymonkey.com/r/BXHWCNCB

How is BYO happening at Kingaroy SHS?

- In 2016, Year 10 students will be the first to be invited to opt in to be part of the BYO program at Kingaroy SHS
- Year 11 and 12 students will be invited to opt in to the program once Year 10 students are embedded. This could take several months.
- They will need to provide a machine that meets the minimum specifications
- Take home machines provided by the school will still be available
- Day hire machines provided by the school will be available
- Details on the costs of these programs will be in the next newsletter

On a side note, Education QLD is making available to all EQ school students free Microsoft Office. To get your free download, please go to:

You will need your student present, and they will need to remember the login they use to get on the school computer and internet systems to complete this installation.

And click on either Home Computer or Mac (where to click shown below).

In the meantime, if you have any questions regarding BYOD, please don’t hesitate to email me at dnich30@eq.edu.au

Damian Nicholson, ICT COORDINATOR

P & C NEWS

With the school fast approaching the September school holidays, there will be no P&C meeting in September. The October meeting is scheduled for Tuesday, 27 October at 7.30pm in the Community Building at the school. This will be our second last P&C meeting for the year with the November meeting held at Archiookoora and hosted by the HODs providing a BBQ tea at 6.30pm.

With only two meetings to go this year, I am asking parents, grandparents and interested community members to get involved. Like so many volunteer organisations we are really struggling to find volunteers and the Kingaroy SHS P&C needs your assistance urgently. Our AGM will be held at the first meeting in February 2016 and at that time, I will stand down as President after 10 years and having been involved in P&C for 16 years. Louise Judge will stand down as secretary after 9 years and Peter Mortimer will stand down from all the work he does in running the Mart Auction Sub Committee. Peter has not had a child at this school for 9 years and has still taken on a tremendous workload. Peter’s involvement in P&C goes back much further than my own and he will never be able to be adequately thanked for his efforts.

As a P&C, the reason we don’t have to hold cake stalls and raffles is because we operate two commercial businesses (the canteen and the South Burnett Mart Auction) with a total of 7 paid staff. As an employer we contribute to this community by providing an income for employees who, in turn, live and support other businesses. To operate these businesses we buy stock for the canteen, equipment and services for both businesses locally, which benefits other businesses across the South Burnett. Both the Canteen and the Mart Auction provide a valuable service for not just the students and staff of the KSHS but the wider community and you should all be very proud of that. Our P&C is regularly recognised as being one of the most effective and active P&Cs across Queensland but we can’t keep going without getting a lot more people involved in sharing the workload. This year I have still not been able to put out a volunteer roster for Saturday’s at the Mart Auction because the number of volunteers that I have is so small that rather than doing one Saturday every 3 months, those who have volunteered would be looking at doing one Saturday every 3 weeks and I don’t want to put that level of burden on people. Without a roster most Saturdays this year have been covered either by myself and Wayne (my husband), Gerard Faulkner and recently Cathy Davis, a past parent. I apologise to those people who have volunteered and are waiting for your roster, I just did not want to break my commitment of one Saturday every 2 – 3 months.

You can also assist us to make the South Burnett Mart Auction profitable by telling all your family, friends, neighbours about the Mart Auction which operates at the back of the school in First Avenue. We sell all manner of quality second hand items – tools, white goods, furniture, bedding, car accessories, electrical appliances, knick knacks, etc. The South Burnett is struggling economically and like many businesses so are we, so please come down have a look and see the bargains we have on offer.

I do understand that we all lead very busy lives and life is a constant juggle, but can I please ask that all of you take the time to consider how you can assist P&C. With approximately 1100 students in the school, if every family did one canteen or one Mart Auction roster a year we would have helpers coming out of our ears. If you are interested in taking on an executive position in any of our committees or sub-committees, please come to meetings.

At our last meeting we moved to spend $60 000 to air condition E Block. This funding was as a direct result of the regular donations of profits from the Auxiliary (Canteen sub-committee). Whilst we remain committed to the construction of the second stage of the Performing Arts Centre, we also recognise that this is going to be a long term project and at the same time we need to work on other major projects that will improve the educational opportunities for students. With most students from our feeder schools coming from air conditioned schools making it more difficult for these students to adjust when coming to high school and more difficult for our school to compete with private schools who provide those facilities. There is also clear evidence that students who are freezing cold or boiling hot are not in the optimum learning environment and that being in an uncomfortable learning environment contributes to behaviour management issues. It is our intention that we will, progressively over the next few years, move towards air conditioning all classrooms. I also understand that there are those of us “oldies” that subscribe to the view that kids these days are not tough enough and need to toughen up, I understand your viewpoint but also acknowledge that the world has changed in so many ways and we can’t ignore that the benchmark of expectations changes with time.

At October’s P&C meeting we will be discussing the Auction Mart and would really like as many parents as possible to attend and get involved in any small way.

Debbie Jackson, P&C PRESIDENT
SCHOOL PHOTOS

School Photos were distributed to students by Form Teachers last Friday, 4th August. If students were absent and did not collect their photos these will be with their Form Teachers.

As you are aware the photographers have recently introduced a new online ordering system through a secure site set up for our School. Every group image including class, year level and sports photos is stored on our site and available to both the school and parents to order as they wish. Photos of special events, links to our Facebook page and Advanced Life contact information can also be found there. All orders placed through the community portal are delivered back to the school for distribution.

Our school site can only be accessed using a unique nine digit code, our Community Code. [1NN KCV V3C]

Group Photos including Band photos and the Year 12 Group photo are also on display on the back window of the Administration Block. Students wanting to order one of these photos can do so online or by collecting an envelope from the Administration office. Orders close on Thursday 17th September.

Scott Dempster, ATTP SENIOR SCHOOL

GYMPIE SHOW 2015

In terms of the local show season, we have reached the end of the year with a bang! Kingaroy State High School participated in the 98th annual Wondai Show held on the 28th of August. Judges and stewards officiating at the show made repeated comment on how well KSHS competed and expressed gratitude for KSHS’s participation, especially given the dry weather leading up to the show.

Students contested several different sections throughout the show, including handicrafts, culinary art, and fresh produce. They were successful in all areas and as a whole received 16 first place prizes, and 12 second place prizes. Notable prize winners were Shandel Kirk and Skyla Carr. Congratulations to all of the students who entered.

In the fresh produce section, KSHS was pipped at the post . . . again. KSHS took home Second Prize overall (can you believe the judge found a small fault with our cauliflower?) We were outdone by one point by our very own Mrs Litzow. Congratulations Mrs Litzow for organising such a successful campaign and then for showing us how it is done. The KSHS Show Team was the largest we have taken to any show (21 students). This time students were working for a coveted spot on our representative team for Wide Bay Hoof and Hook in October. The Wondai Show has become a popular meeting ground for many of the local Ag programs to meet and compete. It was an impressive sight to see more than 45 students competing in the Young Judges competition – 20 of whom were KSHS students. Well done.

The team also enjoyed success with its steers and picked up two third places with our heifers. Now our sights are set on October and Hoof and Hook preparations. Once again, thank you Mrs Bartlett and Mr Carige for all you do to make these outings run smoothly.

Anna Bowden gets ready to lead K7 into the Led Steer competition.

Sean Wicks & Heather Litzow, AGRICULTURAL & SEU DEPARTMENTS

CHILD PROTECTION WEEK

The 6th to 12th of September is Child Protection Week. The key message to remember about child safety is that it is EVERYONE’S business. Children and young people are often disbelieved or ignored when they speak out about abuse. It is up to the community as a whole to listen and to ensure our young people are being kept safe. This means making sure our children and young people have appropriate resources and people available for them to empower them to speak up about any abuse they are being subjected to. ‘Abuse’ can be (and is not limited to) physical/emotional abuse at home including witnessing domestic violence between parents, being bullied at school, or being sexually abused either physically or by being exploited through digital images over social media.

These events can have severe impacts on that young person’s mental health and we ALL need to be aware of the social responsibility we have towards our children and young people in our region. If you or a young person you know is struggling with daily life, do not ignore them. Ask them if they are OK and LISTEN to them. You can make an anonymous referral through STYMIE, Crime Stoppers (1800 333 000) or by contacting me at the Kingaroy Police Station (4160 4900).

Constable Samantha Giles, KINGAROY POLICE

DUKE OF EDINBURGH

Toogoolawah SHS is offering places for KSHS Duke of Edinburgh students to join them for a Hiking and Cycling Exploration in the September holidays.

Dates are 22-25 September to cater for all levels – Bronze can do 2 or 4 days; Silver 3 days and Gold 4 days. There will be a Gold Qualifying Cycling Exploration early in January 2016 following this one.

Camping is booked at Captain Logan Campground, Wivenhoe Dam, currently for 2 adults and 4 students. I’ll fix up the numbers when they’re finalised, but had to pay when booking. (Bring $10 per night cash with them).

KSHS Dukes students have been given a copy of the information letter and Mrs Arnold (Toogoolawah) needs to know tentative numbers ASAP to help with planning.

Another option for Awardees has been offered through Wild Mob. Wild Mob’s Youth Program is offering an exciting opportunity in the September school holidays that would make an excellent Residential Project for any Gold Duke of Ed students. It involves a survey for an Endangered mammal, the Bridled Nailtail Wallaby, and involves trapping and processing (weighing, measuring, micro chipping etc) of animals. Also involved is surveying for feral predators through a network of sand plots and infrared cameras, and will also be guided walks learning birds and trees of the Brigalow Belt.

Shontai Thorley and her family with Mr Wicks and K4
The experience for a Duke of Ed student will be exceptional: the activities form the basis for a university field ecology course Wild Mob runs on the property each year; while the conservation activities are identical to those that we perform alongside National Park scientists, and the results will contribute valuable data to the Bridled Nailtail Wallaby recovery effort. See this link for details, or for more information email tim@wildmob.org or give Tim O’Reilly (Project Manager) a call on 0439 247 619

Finally, if you have any questions about the Duke of Edinburgh Program at Kingaroy, please email jmegal@eq.edu.au or phone.

LIBRARY NEWS

“As we count down to the holidays” ...

Unfortunately some books are being returned to the library in poor condition. Some of these are brand new books - first or second time loans. Please be aware that students are required to keep books - library and textbooks - in good repair, and that they may be asked to pay replacement cost. This also applies if books are lost.

“Bookshops (and libraries) are time machines, spaceships, story-makers, secret-keepers, dragon-lamers, dream-catchers, fact-finders and safe places” – Jen Campbell

The QCAA suggests that “reading widely … develops a strong vocabulary and good language skills” and a British study “indicates that reading for pleasure improves not just literacy, but maths ability too.” www.cis.ioe.ac.uk

Encourage your students to read, model reading at home; discuss books and stories. Read something substantial, not just Facebook updates or tweets. Mental stimulation, stress reduction, memory improvement, analytical thinking skills, improved focus and concentration, tranquillity and free entertainment are just some of the benefits identified by Lana Winter-Herbert.

Textbooks are loaned to students for extended periods – most are for the whole year; English texts are usually for the unit – about six weeks. Library books – novels and non-fiction have a much shorter loan period. Students receive overdue reminders each week and letters are also sent home periodically to parents. Students may borrow over the holiday period but are reminded to return their books and have their ACR books with them at school every day. There should be no excuse for students having outstanding loans from earlier in the year. Thank you for your help with this important consideration.

As we count down to the holiday period I hope everyone has a few books tucked away to read and enjoy. For some of us, reading will always be a pleasure; for others it is a chore. It’s really hoped that the students in Year 7, 8 and 9 are finding enjoyment in their reading and that it is becoming less of an imposition and something they look forward to.

“I read so I can live more than one life in more than one place” (and time!) – Anne Tyler.

Judy Conomos, LIBRARIAN

RELAY FOR LIFE SCHOOL TEAMS

The school has two teams involved in the Queensland Cancer Council’s Relay for Life which is on the 10th -11th October. Teams are made up of a variety of students from years 7,8, 9 and 12 and are being supervised by Miss Wilson, Mr Wicks, Mr Gray and Mrs Underwood. This Friday, 11th September, is a free-dress day with proceeds going directly to these teams. Students who wish to come in free dress are expected to make a gold coin donation on the day. The theme is ‘Weary your Colours’ eg favourite colours, ‘Relay colours (purple and yellow) etc. The usual rules for free dress apply- no single/cropped tops, no inappropriate slogans/symbols on clothing, shortsskirts must be mid-thigh length and closed in shoes must be worn.

We look forward to a ‘colourful’ day and thank you all in advance for your support of this worthwhile cause.

Jenny Underwood, HOD ECONOMICS

ACTIVE CITIZENS

This year the Blue Care Doorknock was a great success. It was wonderful to see so many staff and students giving up their time to collect for this worthy cause. This year over $7000 was raised and every single dollar will remain in the South Burnett to provide nursing services to people in their homes as well as in local Blue Care facilities. Well done to everyone involved. Your work for the community makes us very proud.

SUCCESS AT SCHOOL

There are 5 keys to success at school and in life: Organisation, Confidence, Persistence, Getting Along and Resilience. The third of these, Persistence, is an important and necessary trait for students to develop. It is important for students to keep trying even when their work is challenging or frustrating. Tasks are often difficult and may, at first sight, seem insurmountable. However, with persistence and the willingness to keep trying, students will find even the most daunting task suddenly appears less intimidating. The greater satisfaction, in fact, can come from tackling a difficult task and succeeding. By persisting and trying their hardest, students will come to realise what they are really capable of and will learn other skills which will help them achieve their goals.

Please encourage your student to keep trying even when things get tough, to keep going even when the rewards are small and to rise to the challenge. This way every student will be the best they can be.

Tracey Reimbott, ASSISTANT TO THE PRINCIPAL JUNIOR SECONDARY

DANCE NEWS

2015 has been a jam-packed year for students involved in curricular and extra-curricular dance programs at KSHS. To start the year off our Dance Krew and Senior Dance Krew participated in the Kingaroy Eisteddfod, doing themselves proud and earning some glowing feedback from the adjudicator. This was followed by 5 students combining with performers from across the state in Creative Generation on Stage. More recently, the both Dance Krews took to the stage with Flair performances, which they had been working on at their after school rehearsals.

Senior Dance students are currently exploring the possibilities of incorporating technology into their choreography, including iPads, dance films, go-pro cameras, projections and animation. They also travelled to Brisbane recently to see a live performance by Brisbane-based Expressions Dance Company. Seven Deadly Sins proved to be an enthralling work that had students engrossed and full of new ideas when they left the theatre. It was fabulous to hear them drawing on their analysis skills in their discussions with each other.

October is set to be a big month with our annual Dance Showcase and the performance of the Youth Dance Project ‘Counter World’. Dance Showcase is on Thursday 8th October in the school’s Assembly Hall, starting at 6.30 pm, and it is the culmination of students’ hard work in class and extra-curricular projects throughout the year. It is a great way to get a glimpse into what students will experience if they elect Dance as one of their subjects in Year 9-12. Since July, Sunshine Coast choreographer, Melissa Lanham, has been working with 12 students in these year levels who are performing in ‘Counter World’, along with 90 other students at the Nambour Civic Centre on Saturday 10th October. This has been an incredible opportunity for these students, working with a number of professional choreographers/performers and being part of a
collaborative creative process. Tickets for this show are now available from the Nambour Civic Centre.

If there are any students and/or parents who would like to find out more about studying Dance in 2016, joining Dance Krew or seeing our state-of-the-art facilities, Mrs Dowideit-Reiger and Mrs Gurnett are happy to help.

Congratulations also goes to Melanie Hanwright, Yr 12 student and Dance Captain, for successfully auditioning for Harvest Rain Theatre Company’s production of Hairspray. She will be performing in the show, starring Christine Anu and Rob Mills, in April 2016.

Clare Gurnett, Dance Teacher

YEAR 11 NEWS

Since the conclusion of Leadership Day, students have been busy catching up with teachers and getting their leadership applications filled out and returned to me. It was great to see the number of students who completed and submitted their applications on time. During the last two weeks, the Leadership team conducted interviews with the leadership certificate applicants. We have been interviewing each student and have been approving candidates that adequately suit the leadership criteria. Again, I must thank the HODs and ATTPs for their help with this as it was quite a big process.

Now the exciting part is almost upon us, I will officially open up nominations for school captain at the start of next week and it will remain open until next Friday 18th September. The nominees will be instructed to come and see me in H block staff room to nominate personally. All nominees will have the two week break to prepare their 3 min leadership speech and practice. They will present their leadership speech in front of the Year 11 cohort during Week 1 of next term in their form and life skills lesson. All Grade 11’s will attend and watch the speeches in the school Assembly Hall. They will be required to vote at lunch time on the same day. It’s an exciting few weeks ahead with the school captains to be revealed during our Annual Speech Night next term.

Stay tuned for more leadership selection information.

Matt Langford, Year 11 Coordinator

YEAR 8 NEWS

FREE DRESS DAY – 11TH SEPTEMBER

Each term the Student Council holds a free dress day where students can choose to wear their own outfit for the day. A $2 donation is requested with all money raised going to the school Relay for Life teams. Students need to wear appropriate clothing on the day – this includes covered shoes, shirts/tops with sleeves and suitable length shorts/skirts. Any writing/pictures on shirts should not be offensive in nature.

VIVO & ATTENDANCE DATA

8C is still leading the VIVO count with 7766 VIVOs awarded. A great effort! 8B is not that far behind with 7638 VIVOs. 8D is in the lead with attendance figures for Week 7 – 87.25%. It is hoped that now winter is over, attendance rates will increase to above 90% for all form classes. By doing this, students are giving themselves the best chance to be successful learners.

RU OK DAY

Form lesson this week involved students understanding the importance of RU OK day and being able to develop skills to start meaningful conversations with their peers if they need someone to talk to. Where to get help was also discussed.

Members of Mr Whiteford’s form class all participating in their RU OK day form lesson.

With the holidays only a little more than a week away it is important that all students remain focused on their learning, wear correct uniform and attend every day.

Melissa Kempson, Year 8 Coordinator

YEAR 7 NEWS

The holidays are not far away and there is much happening in the school at this time of year. The last week will see awards given to students of the term with a celebration BBQ and fun activities. There will be a pizza party for the form class with the highest attendance rate and may other rewarding activities. It is a period where there can be many units of work and assessments completed and some students tend to be a little weary as the holiday approaches. But not all assessment is difficult and thoroughly unenjoyable as Mrs Vogelaar’s 7 Japanese class demonstrates.

Year 7 YLC’s
YEAR 7 JAPANESE

During Term 3, Year 7’s have been doing a unit on weather in Japanese class. After researching the different climates of various Japanese cities, we learnt the vocabulary and sentences structures for talking about the weather in Japanese. Students then set about writing their very own script in Japanese for a weather report on two major cities in Japan. After practising the pronunciation of some of the tricky Japanese words, we looked into what generic presentation skills we needed to hone in order to make our presentation effective such as eye contact, appropriate gestures, fluency and expression. Students were also required to make a weather poster to enhance their presentation.

Anna Vogelaar, JAPANESE TEACHER

YEAR 10 NEWS

Term 3 has seen some great sporting achievements by our year 10 cohort. Laura Gray was selected, for the second year, in the U/15 Queensland School Football Team following her great showing in the State Championships that was held earlier in the term. Resulting from this great achievement Laura has since been invited into the Brisbane Roar/NTC training programme, which is a massive and exciting opportunity for Laura to take her football to the next level.

On the touch field Laura Gray, Tommy Pratt and Bailey Favier represented the Wide Bay Region in the State Carnival, with all reports that they represented their region, both on and off the field, to a high standard.

COMMUNITY ANNOUNCEMENTS

- BRAND NEW KSHS JACKET FOR SALE: Never been worn - Size 14 Beare and Ley Brand $50 Phone Sharleane on 0435412372.
- BAND UNIFORMS FOR SALE: Blazer, excellent condition, dry-cleaned, size 32 - $120; Skirts, Size 14 and 16 - $5 each; Blue and White Shirt, Size Medium - $5 each; Ken Mills Toyota Polo Shirt, Size WX5 - $10; School tie and jazz band tie - $10 each. Contact 0437 985 335.
- UNIFORMS FOR SALE: 1 x Size 16 School Blazer in excellent condition. $80. Phone Donna 0409 620 923.

GUEST SPEAKER FROM STANWELL

On Tuesday during our form lesson, Year 10 students had the opportunity to hear from Anthony Goodger from Stanwell. Mr Goodger spoke to the students about a range of different career paths that he has been down throughout his life and what he has learnt from these opportunities. Mr Goodger also offered some valuable advice to students about constructing a resume and presenting themselves at interviews. Some of the advice included being enthusiastic and motivated at interviews and ensuring that any documents you present during a job application must be error free and ‘don’t burn your bridges’ especially regarding completing work experience. Overall, the students said they got a real understanding of how careers can come about and that it’s never too late to go back to study and to change your career path.

Peter Collins, YEAR 10 COORDINATOR
KINGAROY STATE HIGH SCHOOL

Volunteer Involvement

This form is both informative for you as a parent/carer in our community, and information gathering for the P & C, which aims to keep volunteer support flowing to various entities in our community.

Areas to get Involved In:

**P&C Committee Meetings** (Once a month)  *Funds are utilized in school community*
- President
- Secretary
- Treasurer
- Committee Member

**Canteen** (Operates Daily)  *(Auxiliary Committee)*  *Funds feed into P&C Assn*
- President
- Secretary
- Treasurer
- Volunteer Kitchen Hands

**SB Auction Mart** - *(Trading hrs: Tues-Fri 8:30 - 4:30  Sat 9 - 11:30)*  *Funds feed into P&C Assn*
- Volunteer Sales Assistant
- Admin

**Instrumental Music Parent Support Group** (When required)  *Funds used for instrumental music*
- President
- Secretary
- Treasurer
- Committee Member

**Chaplaincy Committee** (When required)  *Funds used to support our local Chaplains*
- President
- Secretary
- Treasurer

If you’re interested in finding out more information about any of the above areas please fill out the details below and return this section to the KSHS Admin team.

**Parent/Carer Name:**___________________  **Area of interest:**_________________

**Ph/Email contact:**______________________________________

---

**KINGAROY KINDERGARTEN FAMILY BUSH DANCE**

Saturday 24th October 2015
(Doors Open 5 pm)
Kingaroy State School Hall

**SOUTH BURNETT FUTSAL ASSOCIATION**

Everyone is welcome to come and play in your teams or just turn up

**Teams of 8**

Kingaroy State High School Indoor Sports Centre

**Thursday afternoons starting at 4 pm**

Contact Debbie Ovens 0413 300 648 or Tracey Clegg 0437 093 694

Bring along non marking shoes, shin guards, long socks and water bottle

Fee paid per game

---

**P & C AUXILIARY MEETING**

Tuesday 6th October at 2pm
Kingaroy High School Community Building

---

Kingaroy Junior Cricket Sign On Day

12th September
Lyle Vidler Oval 9am
