

Thank you for reaching out to us with your enquiry about Kingaroy State High School. We understand that choosing the right school for your student is a significant decision, and we're excited to share with you what makes our school stand out.

About Kingaroy State High School:

At Kingaroy State High School, we are committed to fostering a dynamic learning environment that empowers our students to achieve their highest potential. With a rich history of academic achievement and a forward-thinking approach to education, we provide a comprehensive range of academic, extracurricular, and personal development opportunities.

Our Offerings:

From a well-rounded curriculum designed to challenge and inspire, to a plethora of extracurricular activities that cater to diverse interests, our school offers an array of pathways for students to explore and excel in. Whether it's in the arts, sciences, sports, or community service, Kingaroy State High School is a place where passions are ignited and dreams take flight.

Dedicated Educators:

Our team of dedicated educators is not only skilled in their respective fields but also deeply committed to nurturing the growth and well-being of every student. Through personalised guidance, innovative teaching methods, and a supportive atmosphere, we strive to create a learning experience that is both enriching and enjoyable.

Community and Values:

We take immense pride in our strong sense of community and the values that guide us. Respect, integrity, and inclusivity are at the core of everything we do. By fostering a sense of belonging and promoting positive relationships, we aim to create an environment where each student can thrive academically and socially.

Next Steps:

We would love to provide you with more information and answer any further questions you may have. Please do not hesitate to contact our enrolments team on enrolments@kingaroyshs.eq.edu.au or 4160 0666 for any assistance or additional information. You can also find additional information on our [website](#) and [Facebook](#) page.

Once again, we extend our warmest welcome to you and your family. We look forward to the possibility of being a part of your educational journey and helping you achieve your goals.

Academic Excellence

Our school has a strong focus on academic achievement and strives to help students reach their full potential.

KSHS offers a comprehensive range of subjects and programs to cater to various interests and career aspirations. Whether your student is interested in Arts, Sciences, Humanities, or Vocational Training, our school provides diverse options to meet their individual needs.

Subjects on offer include Agriculture, LOTE, STEM, Digital Technologies, Specialist Mathematics, Food Specialisations, Engineering and Construction, Creative Textiles, Business, Aquatic Practices and Psychology.

Sporting Programs

Sport plays an important role at KSHS, providing students with opportunities to participate in a variety of athletic activities and fostering physical fitness, teamwork and sportsmanship.

We offer a wide range of sports including rugby league, netball, basketball, touch, mountain biking and volleyball.

We encourage students to participate in competitive sports both within the school and against other schools in the region. Students have the chance to compete in inter-school competitions, district and regional championships, and even state-level competitions.

The Arts

The Arts program at KSHS provides students with opportunities to explore and develop their creative talents in various artistic disciplines including visual arts, performing arts, music, instrumental, drama and theatre. Students can participate in bands, choirs, orchestras, drama productions and dance groups.

Our Award-winning Instrumental Music Program is the largest in the South Burnett, with over 100 students taking part. We also host a talent showcase each year, where all students have the opportunity to perform on stage for their peers and the wider community. Students participate in local arts events and community projects.

Community Partnerships

Our school actively engages with the local community, fostering partnerships and collaborations with businesses, charities, organisations and other educational institutions. This involvement provides students with opportunities for real-world learning experiences and community service initiatives.

We are also proud to be the home of the Kingaroy Clontarf Academy for Indigenous Boys, and part of the JTLeadLikeAGirl Program.

Our school has a student led Interact club, which works alongside Rotary on community projects. KSHS is also an Award Centre for the Duke of Edinburgh and Bridge Awards.

Kingaroy SHS

Build your future here.

Kingaroy State High School is a co-educational state high school, offering Years 7 to 12. At KSHS, we understand that every student is unique and has different learning needs. Our experienced and dedicated teaching staff work closely with each student to provide them with the best possible learning opportunities, catering to their individual strengths and needs. We have a multi-tiered support system to ensure the engagement and wellbeing of all of our students.

Kingaroy State High School is equipped with modern facilities, including science labs, robotics, virtual reality, library, performing arts centre, dance and drama rooms, cattle yards, commercial kitchens, trade training centre and sporting facilities. These resources contribute to a conducive learning environment and support student engagement in various activities.

Device Options

So that we can assist in ensuring students have access to a dedicated electronic device to enhance their learning experiences both at home and at school, we have chosen to implement an affordable **One to One Device Program** – put simply, this program is striving for one device to be available for every student. From 2023, students across all year levels will have the option to take part in either the BYOD program or the new One to One Device Program.

Option One: One to One School Device Program - \$300/year for One to One device (In addition to the Student Resource Scheme of \$220)

- Single device – a tablet style device with protective carry case - that meets the requirements of all subject options and is fully EQ complaint and preloaded with relevant software
- A yearly loan/hire fee with the option of a payment plan
- Connected to the school network before handover – no further action is required for access to school network, internet or printing
- 3 years warranty including accidental damage (accidental damage may incur a claim cost)
- Technical Support from the school.

One to One Device Configuration

CPU Processor - Intel® Pentium Silver N6000 Quad Core (4M Cache, up to 2.60 GHz)

Memory - 8GB LPDDR4

Hard Drive - 128GB M.2 2280 SATA SSD

Optical Drive - None

Video Input - Intel® UHD Graphics 4K Support

Network - 1 x Intel® Wireless-AC 9560 2x2 (Dual Band) 1 x Ethernet RJ45 with PXE Support

Bluetooth - Intel® Bluetooth 4.2

Card Reader - microSD Card Reader

IO Ports - 1 x USB Type-C with fast charging, 4 x USB-A 3.0, Headphone Jack

HDMI Ports - 1 x HDMI

Laptop Screen - 11.6" LCD IPS (1366x768) with 10-point multi-touch digitizer and stylus support

Camera - 1080p (2MP) Sensor (rotatable)

Keyboard - Full size US keyboard with low profile keys, splash resistant

Mouse - Precision Touchpad with gestures support

Battery - 3250mAh 3-cell Li-ion supporting fast charging, up to 8 hours battery life

Form Factor - Drop tested to MIL-STD-810G, 2-in-1 Convertible with retractable carry handle, 294 (W) x 202 (D) x 15 (H) mm. 1.3KG

Default Warranty - 3 Year Return to School, including battery

Accidental Protection - 3 Year Accidental Damage Protection, \$50 excess per claim (maximum 3 claims over the ADP period) covering damage to the screen, keyboard and touchpad, ports (USB etc.), motherboard, battery, camera and various plastic parts

OEM Op System - Microsoft® Windows 10 Professional Education

Managed Op Env - MOE 5 64bit (Win 10)

Audio - Realtek® High Definition Audio

Option Two: Bring Your Own Device Program (BYOD) - Cost of BYO Device (In addition to the Student Resource Scheme of \$220)

- Option of any device that meets the appropriate subject requirements
- Requires enrolment in school's BYOD program to access network, internet and printing
- Limited support from the school around upkeep and software. No repairs by school on these devices

Kingaroy State High School's BYOD program operates on a minimum-specification model, which means that no single make of device is preferred over another. Provided the device meets the minimum specifications, your student's device should connect to the school's technologies and allow your student to access online curriculum resources.

The use of a BYO device and participation in the school's BYOD program is subject to acceptance of the terms and conditions outlined in the Digital Technologies and BYOx Link Acceptable use Agreement document.

To assist you in purchasing a device for your students, major computer vendors have worked with our school to provide information through purchasing portals. These portals allow parents to purchase the devices at discounted education prices and may include interest free payment plans and other arrangements to suit any budget. The school does not endorse or recommend any particular brand of device and parents are free to choose to purchase from any vendor of their choice.

- One Education

Connecting to the school network

BYOD connection to the school network is through BYOx Link, a purpose-built system for Queensland state BYOD schools. It provides a secure, efficient platform that enables Bring Your Own Devices access to internet, mail and learning resources on the school network.

To use the new BYOx Link service, students will need to enrol their device into the Microsoft Intune Company Portal. Devices can be prepared at home by following the relevant help guide for your Device operating system (Windows, MacOS or iOS)

Office 365 software

All students enrolled at a state school (from Prep – Year 12) can access Microsoft Office 365 software free of charge. If your device does not have the Office programs installed, or if your software subscription has ended, students can log into Microsoft Online via <https://portal.office.com> using their school email and password to download and install the Office programs.
