

Getting your BYO device ready for school: Intune

Windows 11 version

Intune is a secure mobile management system that allows you to use school Wi-Fi, emails, learning applications and websites on personal devices.

These instructions will show you how to enrol a BYO Windows 11 device into Intune and install an application. This process may take up to 15 minutes to complete.

Before you start, please have ready the email address and password that has been supplied to you by the school. If you do not have this information, you will not be able to successfully complete the installation. Please contact your school to obtain these details.

These instructions are for Windows 11. You may find some of the screens look different to the ones provided here if you have a different version of Windows or there are changes made to Intune.

If the installation fails at any time, please restart your device and try again.

How to onboard your device with Intune

Step 1

Make sure you are connected to your home Wifi network.

Step 2

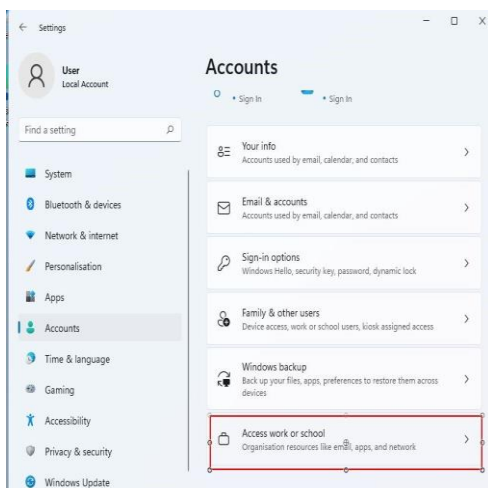

Select the **person** icon.

Step 3

Select Change account settings.

Step 4

Select **Accounts** then Select **Access work or school**.

If your account is already listed, select it and then select **Disconnect**. Then select **Connect**.

Step 5

Enter your school @eq.edu.au email address and select **Next**.

Step 6

The username may appear in the Username field in the Managed Internet Service screen.

If not, please enter your School username, password, accept the terms and conditions, and **Sign in**.

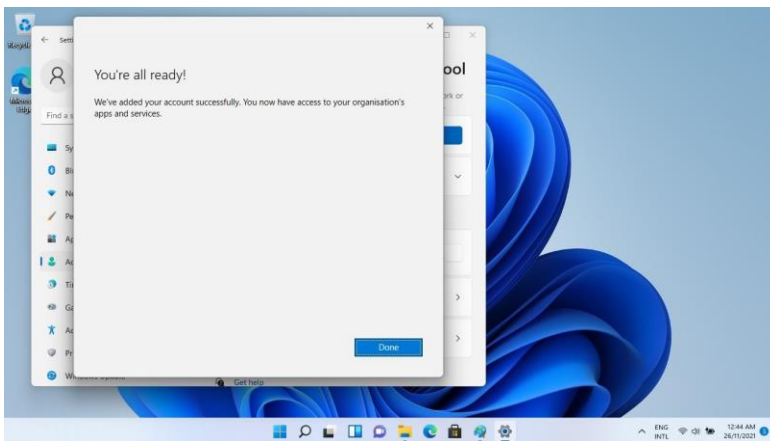

Step 7

Please wait while the system is processing your request This can take a few minutes. Make sure you stay connected to the network.

Step 8

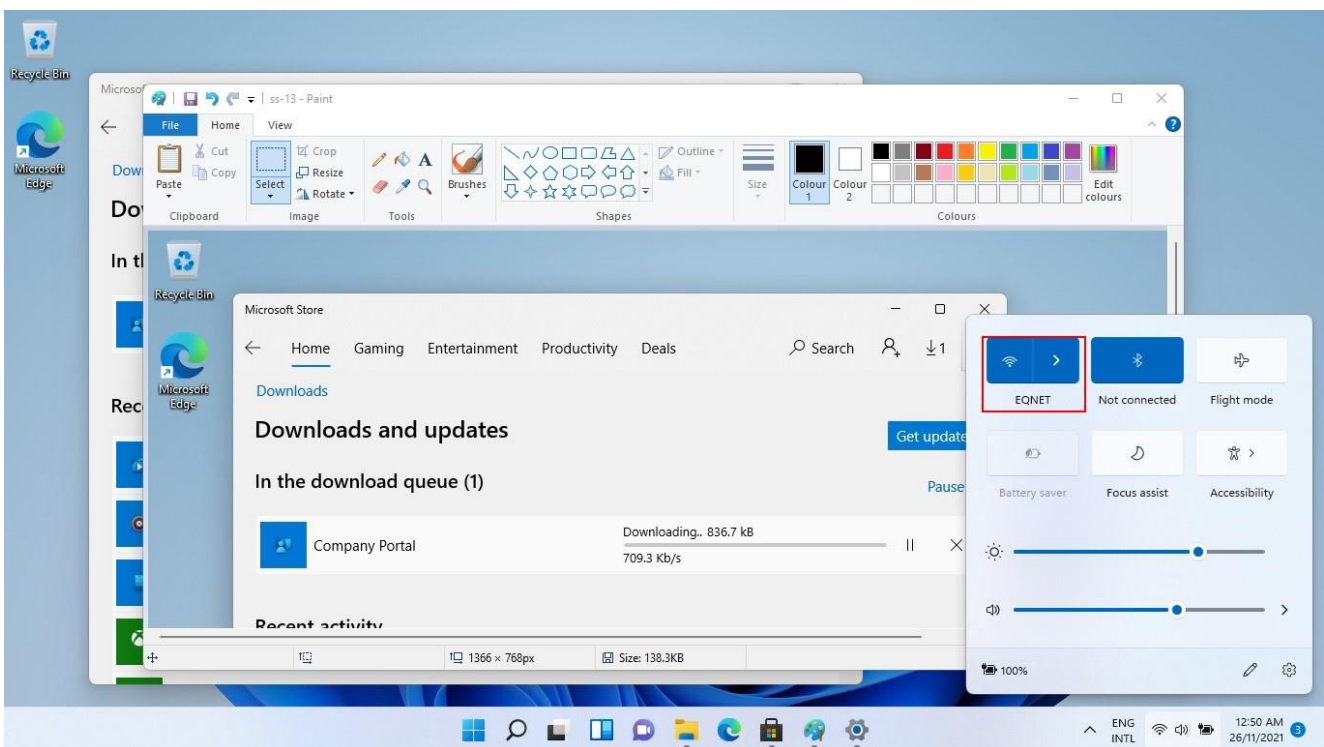

When finished the 'You're all ready' message will be displayed. Select **Done**

Step 9

Wait a few minutes for the Company Portal app to download and install. Then restart your device. Your device might request a password change upon reboot.

After reboot, your device will be ready to connected to the School **EQNET** Wifi network. This will happen automatically and no username / password is required.

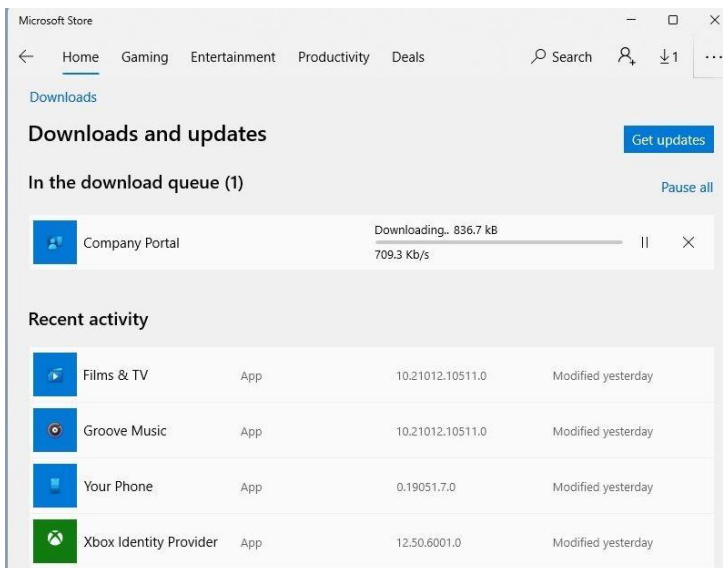

When your device has restarted, the Intune set up is completed. It may take up to 15 minutes to finish installing. You can use your device in the meantime but please keep it connected to the internet.

You are now ready to install the apps your school has recommended.

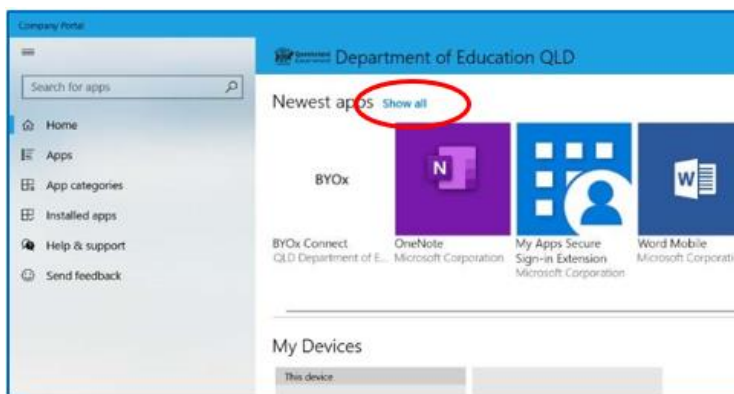

How to install an app

Step 1

If the Company Portal has not been installed in the previous steps, go to the **Microsoft Store** and Search for 'Company Portal' then select 'Install'.

Step 2

Open the Company Portal App from the Start Menu. Select **Show all** to see the apps your school has made available to you. At Bundaberg North State High School we have **no** recommend Apps to install.

Next, you can set up your school mail account.

How to set up mail

Step 1

Open your mail app by selecting the **mail icon** at the bottom of the screen. You will see your school EQ Email account listed.

If you do not, please note it may take up to 20 minutes, depending on your device and internet connection. There are some cases where it has taken up to a day to process. Please select **Fix Account**.

Step 2

A message will then confirm if you want to make changes to your mail account, select **Yes**.

Step 3

The All done! screen will be displayed. Select **Done**.

Your mail account has been set up for use and you can now send and receive emails from your school mail account.

Your device is now ready for school. If you need help with installing Intune, an app or mail account, please see your school for assistance.
